

INTERIOR DESIGN APPROVAL & SIGN-OFF AGREEMENT

The design concepts have been discussed and finalized! This document confirms your formal approval of the project plans and layout directions to initiate procurement and implementation.

Date of Sign-Off: _____

Client Name: _____

- 1. Design Freeze & Approvals** — By signing below, you are approving the final floor plans, 3D renders, materials, and digital design boards which has been discussed. Because these plans are now frozen, any new structural or major design changes requested moving forward will be treated as a Change Order and may affect the timeline or cost.
- 2. Project Cost & Invoicing** — Payments will follow the agreed-upon project budget schedule. To begin procurement and execution on-site based on these finalized designs, the next scheduled milestone payment or deposit must be cleared.
- 3. Purchasing & Ordering Products** — We will order the furniture, decor, and materials matching the approved plans. While we coordinate closely with reliable vendors, they are individually responsible for their manufacturing timelines and warranties.
- 4. Execution & Site Management** — We will guide contractors and verify layout implementation against these approved concepts. To avoid delays, we require timely site access and prompt decisions on minor decorative choices if items become unavailable.
- 5. Design Ownership & Intellectual Property** — The design concepts, 3D models, and custom layout graphics we created are our property. They are licensed to you specifically for the completion of this project and shouldn't be distributed or reused without our permission.
- 6. Project Media & Showcasing** — We love sharing beautiful spaces! You grant us permission to document the 'before and after' journey with professional photos or videos for our portfolio and social channels, keeping your specific personal identity entirely private.
- 7. Pausing or Wrapping Up** — If either party needs to stop the project execution, a 7-day email notice is required. Any outstanding bills for completed design phases or pre-approved supplier orders up to that date will need to be settled.

We're ready to bring your vision to life! Sign below or reply with your email confirmation to begin the execution phase.
